

# Stroboframe®

## U-PRO Bracket 310-750

**Universal Full Featured Bracket** – The U-PRO bracket is designed to provide the photographer a single fully functioning professional bracket right out of the box. No need to buy any additional accessories that just add confusion and cost. The U-PRO is a bracket designed to fit almost every digital SLR camera on the market today and in the future. The Stroboframe U-PRO Bracket fits not only your camera, but your comfort and style of shooting.

### Features:

- Universal Camera Mounting Plate – Plate can be rotated 180 degrees and mounted to accommodate taller camera bodies.
- 2 point “SureLock” (patent pending) rotation device
- Flash can be mounted to either side of the rotation device to fit your shooting style and comfort.
- Significantly improved access to your lens over any professional bracket on the market.
- Support arm for setting the bracket on table or floor.
- Bracket can be mounted directly to a tripod, or remove the base plate and mount just the rotation system directly onto a tripod.
- Optional handle assembly.
- Flash Arm Featuring:
  - Exclusive TiltTrigger™ - Lets you adjust flash angle up/down with click-stop precision.
  - Sliding vertical support provides rapid control of flash height.
  - Oversized control knobs provide a sure grip
- Five Year Warranty
