

SwitchGrip™

Handle with Detachable Mini Ballhead Tripod

Choose panhead or ballhead shooting modes. Extend your tripod height another 8".

Twist SwitchGrip downward, for those hard angles that only a corystand can reach.

Twist SwitchGrip outward, to mount SLR & digital cameras for instant viewing.

Use the mini ballhead tripod separately for full range of motion.

SwitchGrip Features:

- Mini tripod concealed in SwitchGrip handle
- Locking knob keeps mini tripod securely in place
- Mini tripod swivel ball head combined with SwitchGrip handle offers versatility & flexible range of motion

CourierXT
For cameras and camcorders

(CourierXT not included)

Easy twist off cap encloses mini tripod in handle.

Mini Tripod

Convenient ball head 2 section table tripod easily removes from patented SwitchGrip handle.
